

THRONE OF GLASS:

Reading Order + Tandem Guide

Choose your reading order. When your read-through brings you to *Empire of Storms* and *Tower of Dawn*, follow the alternating chapter checklist to read both books in the intended timeline.

Recommended Reading Order

The Recommended Reading Order places *The Assassin's Blade* after *Crown of Midnight* to deepen character connections before *Heir of Fire*, and pairs *Empire of Storms* with *Tower of Dawn* for a seamless lead-in to *Kingdom of Ash*.

Chronological Reading Order

The Chronological Reading order follows the original publication sequence, placing *The Assassin's Blade* first as the prequel and keeping *Tower of Dawn* after *Empire of Storms*, even though both books happen at the same time.

Empire of Storms + Tower of Dawn Tandem Read Checklist

Use this checklist when your reading order brings you to *Empire of Storms* and *Tower of Dawn*. These two books happen at the same time, so alternating the chapters lets you read the timeline in proper chronological order.

IMPORTANT!: Checked boxes won't stay unless you save the file. Open the PDF in Acrobat Reader and hit Save after each reading session.
